

Interested in Becoming a Community Advisory Committee Representative?

The CAC is formed to serve as a liaison between the school district and the community. On behalf of our students with disabilities, we invite you to become involved in improving the quality of education and service to our children, our parents, and school staff.

CAC Members are nominated and appointed by their district's school board for a two-year term of office.

The CAC holds regular meetings during the school year to review and discuss all aspects of special education. Each year, the CAC offers several Parent Information Presentations regarding various programs and services available in the West End. All committee meetings and presentations are open to the public and attendance is encouraged.

If you are interested in becoming a CAC representative or for more information, reach out to your local school district's Special Education Department for more information.
